Program Detail for Thursday, February 6th

PRECONFERENCE WORKSHOPS

12:45 – 3:00 PM Preconference workshop: The FBI, The Mission, The people.

If you want to learn more about the F.B.I., don't miss the opportunity to immerse yourself into the organization at the Seattle F.B.I. office! Join F.B.I. personnel as they lead you in a case review/presentation and discussion. Following the case review/presentation, you will get the rare chance to tour the office in small groups including the operations center, the fusion center, and, of course, the gift shop. The office is located just a short walk from the Westin at 1110 3rd Ave (Seattle, WA 98101). [Note: Please arrive 15 minutes early (12:45 p.m.) with your photo ID so that you can be security screened.]

1:00 – 3:00 PM Preconference workshop: WE THRIVE

Panelists: Dr. Felisa Bryant, Ph.D., Executive Director of The IF Project; Felicia Dixon; and Melissa McKee

The panel features a diverse group of formerly incarcerated women who come together to share their powerful and deeply personal stories. Each woman speaks about her unique journey through the criminal justice system, shedding light on the challenges and injustices faced during incarceration. They discuss the emotional, social, and economic impacts of being incarcerated and how these experiences shaped their lives.

As the conversation shifts to their transitions back into the community, the women talk about the hurdles they encountered in rebuilding their lives, such as finding employment, reconnecting with family, and overcoming the stigma of a criminal record. They also highlight the resources and support systems, such as community organizations and mentors, that helped them, emphasizing the importance of community, advocacy, and resilience. The panel serves as both an educational and inspirational platform, offering insights into the struggles and triumphs of women who have navigated the complexities of reintegration back into society.
